

Norman Township Veterans Memorial Project

Norman Township, in partnership with several local organizations, has constructed a Veterans Memorial in the park at Crystal Lake located near the new playground equipment. To date a cement slab has been installed as well as a large central flag pole flanked by smaller poles on

each side flying the branches of the armed forces. An art piece commissioned by the Wellston

Boosters was created and installed by local artist Andy Priest. The next phase of the memorial is to invite community members to purchase bricks in honor of or remembrance of family members and/or friends that have served in any branch of the military or first responders.
